1D.2 NETIM® is accredited by EURid and act as an official registrar for the management of .EU domain names

CLAUSE 2D: REGISTRATION REGULATIONS

2D.1 Domain Names under this Extension are registered on a "*first come, first served*" basis

2D.2 The Client declares and guarantees that the Domain Name respects the rights of third-parties, currently applicable laws as well as the regulations specific to the Extension, which can be consulted at the following addresses:

http://www.eurid.eu/images/Documents/V2_Reg_Policy/regpolicy%20v2%200_en.pdf

The Client agrees to have read and accepted this contractual document (the "EURid Regulations" below) which links it to the EURid Registry. These special terms and conditions do not substitute these regulations which are integrated by means of a hyperlink.

2D.3 All disputes relative to the choice and to the registration of Domain Names in this Extension are subject to different regulations and procedures for the resolution of disputes, detailed below in clause 5D, to which the Client accepts to comply when registering the Domain Name.

CLAUSE 3D: TRANSFER REGULATIONS

http://www.eurid.eu/images/Documents/V2_Reg_Policy/regpolicy%20v2%200_en.pdf

3D.2 The transfer does not take effect immediately. The Client must follow the described procedure and, particularly, must approve the transfer to the registry following a format specified on the Registry's Website.

3D.3 If the Client refuses or does not approve the transfer according to the terms stipulated by the Registry, the transfer cannot be proceeded with and the Client may not claim any compensation or refund from NETIM®

CLAUSE 4D: EXPIRY / RESTORATION REGULATIONS

4D.1 When the Domain Name's expiry date has passed without prior renewal by the Client, NETIM® shall submit a request for the deletion of the Domain Name to the Registry. The Domain Name shall then be disabled for a period of forty (40) calendar days during which all NETIM®'s associated services shall no longer be available. The Domain Name shall be referred to as in "quarantine" status

4D.2 If a Domain Name has been destroyed with the past forty (40) calendar days, it can be reactivated subject to the following conditions and procedures, and depending on the details provided to NETIM® when carrying out these procedures:

- i) restoration is only possible from a technical point of view for the so-called "quarantine" period, which is the forty (40) day period between the destruction of the Domain Name by NETIM® and its destruction by the Registry
- ii) payment for the restoration must be made seven (7) days before the destruction of the Domain Name by the Registry, to enable NETIM® to carry out the operation within the time limit. Failing this, the Domain Name cannot be restored and NETIM® cannot be held responsible on these grounds.
- iii) the restoration procedure restores the Domain Name's previous parameters (personal and technical information) and extends by one (1) year the duration of the Domain Name's registration starting from the previous expiry date.

6C.2 In the case where the special terms and conditions herein have been modified, NETIM® shall notify the client at least one (1) month before they come into force. If the Client does not accept them, NETIM® is entitled to terminate the Agreement without penalty for termination and without compensation entitlement for the Client, in compliance with the General Terms and Conditions CG-ND.
